IL CAVALLO ROSSO

LAST CHANCE FOR FCA RMR TO SEE GREAT TRAIN COLLECTION

Terry Johnson is opening his fantastic train display to fellow members of the FCA. Terry has one of, if not the largest train display and layouts in the United States....no exaggeration here. To get a preview of his collection visit the following link: www.venturea.com/tjt.htm.

Terry also has a collection of historically famous cars, such as Presidents Eisenhower's Cadillac used when he would visit Colorado, (I think its a Cadillac, Terry can correct me when we get there) plus others we can see.

We will meet at Terry's prime warehouse location at 10:00 am on Sunday, **July 24, 2011**. The warehouse is located at 2050 South Cherokee just off of Evans before the bridge over Santa Fe. (S. Cherokee can be reached off of old West Evans. (Check out Map Quest or Google Map to see the exact location).

Children and grand children of members are welcome since they will really enjoy the experience. So that Terry can prepare for the number of members and guests who will be attending, please RSVP with me at babosjac@msn.com or 303-688-2937 by Thursday July 21st.

FERRARIS ONCE AGAIN DAZZLE AT CASTLEROCK CAR SHOW

The Castle Rock Car Show was put on by the Vintage Car Club of Castle Rock. Due to the success of the Ferrari Club from the previous year, we were invited to return. The total number of cars exceeded 240; however, Ferraris were the only exotic cars invited. Our venue was provided by the Courtyard at Siena, which provided a private and dedicated area for our Ferraris.

Once the Ferraris were parked the members took in the sights, sounds and boutiques of historic Castle Rock. 18 Ferraris attended and wowed the crowd once again. The car show supports the local hospitals with bottled

water for staff and patients. Thanks to all who participated.

FCA RMR GROUP DRIVES POU-DRE CANYON

Alan and Susan Wolfelt hosted our club for breakfast in their home overlooking Ft. Collins and the Horsetooth Reservoir. Immediately after breakfast Alan guided 24 Ferraris, a Porsche, and BMW 90 miles up the Poudre Canyon and down the Buckhorn Canyon to take in some spectacular scenery along the Northern Front Range. If ever a road was made for Ferraris, the Poudre Canyon makes the grade. Thanks to Alan and Susan for a wonderful morning

FCA RMR IL CAVALLO ROSSO

As is happening in most organizations today, most of FCA RMR communications come by way of e mail. They are timely, easy to send, save paper and money, and can be produced more often.

Il Cavallo Rosso will soon be coming to you in a digital form that you may read on your computer or for you who want to hold it in your hands, to print out, read, and store. For those of you with color printers, it can be in full color.

We will begin this form of communications with the September newsletter. If you feel that you must receive it by postal carrier, then contact John Babos at babosjac@msn.com.

FCA RMR ANNUAL PICNIC TO BE HELD AT NEW NOT TO BE MISSED VENUE

THIS IS NOT YOUR FATHER'S PICNIC!

No burnt brats and a piece of chewy sweet corn for this crowd!

The Club Picnic at the Cherne Mountaintop Estate in Bailey Sunday July 17 breaks exciting new ground with gourmet private chef John Schenk catering a lunch to remember...after a delightful drive in convoy thru' the foothills.

Kobe beef filet, chicken with grilled peaches and lemons, artisan sausages with roasted vidalia onions and peppers...all seared to perfection in John's unique skillet-cooking style.

Watermelon cucumber and pistachio is just ONE of three salads...and dessert...don't even go there!

Libations include the world's finest beers, Petah's Pimms, multi vini...and of course, acqua San Pellegrino!

Here's the deal!

Seventy of you are signed up all ready, and 100 is the max we can seat under the tent.
